

Permitted Development Rights; Conversion of Agricultural Buildings to Flexible Commercial Use - Initial Assessment Form for Noise

This form should be completed by developers seeking the Conversion of Agricultural Buildings to Flexible Commercial Use. To ensure we can assess your application efficiently please answer the questions by providing as much detail as you can where asked.

Planning Reference/Site Address:

<p>Please identify any dwellings, offices, schools, accommodation, or other noise sensitive properties within 400m of your proposed development site or existing uses which may impact on your development:</p>	
<p>Will the proposed use require any fixed plant or equipment?</p> <p><i>(examples might include fixed refrigeration, air conditioning, air source heat pump, ventilation, or other specialist equipment related to your business)</i></p>	<p>Yes/No*</p>
<p>If you have answered yes to the above, please provide details of that equipment and include manufacturers acoustic data sheets where these are available:</p>	
<p>Will the proposed use require the operation of any other noise generating sources?</p> <p><i>(examples might include fork lift trucks, amplified or non-amplified music, vehicle movements to and from the business, or other sources)</i></p>	<p>Yes/No*</p>
<p>If you have answered yes to the above, please provide as much detail of these sources as you can (for eg, what the noise source is and number of times each day it is used, duration of use, number of fork lift or vehicle movements per day, time of day that these sources will be used)</p>	

Planning Reference/Site Address:
Please detail the proposed hours, and days, of operation of the business proposed;
Please clearly detail (if any) measures you are planning in your development to address the noise impacts that you have identified;

*Delete as appropriate

If your proposal is introducing new significant noise sources to the area, a noise impact assessment may be necessary. You may wish to consider submitting a noise impact assessment with your application. Please see our [Submission Guidance Note on Noise](#) for further advice.
