

ABERDEENSHIRE Architectural & Landscape DESIGN AWARDS 2018

Thursday 4 October 2018

Buchanans Bistro

Woodend Barn

Banchory

Aberdeenshire 
COUNCIL

I am delighted, as Provost of Aberdeenshire Council, to thank you all for attending the 2018 Design Awards ceremony. I hope that you will have seen the principles of good design to which the Council is committed, whether in a conceptual form or a completed development.

In recognising and honouring the projects that you have seen tonight, we celebrate innovative and sustainable design principles in the creation of new communities, the sensitive adaptation of existing buildings and the imaginative use of materials for both commercial and residential developments.

*Thank you for your attendance,
Bill Howartson, Provost*

There are three tiers of design award: Commended, Highly Commended and the top award of Distinction.

The awards are given under the following categories:

- ◆ Innovative solutions to housing need
- ◐ Future proof living (student submission)
- Conservation and building adaptation
- ▲ Building communities for the future
- ▲ Innovative single house design
- Business Enterprise

SUPPORTING

year of young people
bliadhna na h-òigridh
2018

This year, as part of the Scottish Government's Year of Young People, we are asking the next generation of designers to focus on the needs of our ageing population. The Student Award asks those at the start of their careers to produce conceptual schemes dealing with issues such as mobility, dementia, social isolation, health and wellbeing to provide innovative concepts for future proof living.

INNOVATIVE
SOLUTIONS TO

Portsoy Sail Loft

Ian Shepherd Award

Aberdeenshire Council introduced this award in memorial to the former principal archaeologist for the local authority who sadly passed away in May 2009. Ian Shepherd was an acknowledged expert in both the archaeology and architecture of the North East of Scotland who was highly respected by his peers and heavily involved in the Aberdeenshire Design Awards ever since their inception in 1998.
